WILSON MEETS WITH CABINET IN DIVER CRISIS

40 IS BELIEVED DEATH TOLL IN BIG CHICAGO FIRE HORROR

Rescuers, Hindered By Escaping Gas, Battle to Recover Victims

FALLING WALLS TRAP PERSONS IN BASEMENT

Gas Company Failed to Repair Defective Main, Janitor's Claim

CHICAGO, Feb. 2.—This afternoon five persons were rescued alive. All were badly frozen. One died en route to the hospital.

CHICAGO, Feb. 2.—Firemen digging among the ice-covered ruins of the West Side tenement that burned this morning, as the result of a gas explosion, heard voices calling for help, supposedly from victims imprisoned in the basement by collapsing walls.

All available men have been summoned to assist in clearing the ruins. A woman, blue with cold, with a dead man beside her, was discovered in the wreckage by firemen who are frantically working to save her.

Thus far five bodies have been recovered and eleven injured are in the hospitals. More than fifty are still missing, though some may be with neighbors.

The fire chief estimates that the death list will reach forty, he believing that many were cremated. Owing to the fact that many of the twelve families in the building kept rooms, it is expected that the death list may never be known.

The Red Cross has taken charge of the relief work and has treated many injured who did not report to hospitals.

The tenement janitor swears that the gas company was repeatedly notified to fix a defective main. Escaping gas is hindering the rescuers.

According to the janitor, there were approximately eight people in each of the twelve families in the tenement. As the rear porches were blown away by the explosion, only one entrance was left open for escape and this was clogged after the explosion by flames.

Many children were rescued by being tossed by their parents in the burning building to men below.

Practically all those who escaped were barefooted and nearly all were thinly clad. The biting cold weather and glass-strewn streets made their plight pitiable.

Saloons were turned into rescue stations and police and bystanders gave their coats to the victims.

50 YOUNG MEN PLAY WITH TOY SOLDIERS IN COLLEGE WAR GAME

MINNEAPOLIS, Feb. 2.—Fifty big, strong young men today gathered around a table covered with toy soldiers, toy cannon and a miniature battle field, at the University of Minnesota. They went through a grilling hour's work, in a sham battle with the toys. It is a part of the university's military training.

GIRL, 14, FOILS SNEAK THIEF'S ATTEMPT TO PURLOIN HER WATCH

HUNTINGTON PARK, Feb. 2.—Quick action on the part of 14-year-old Mabel Schepfer of this city outwitted a sneak thief at the corner of Fifth and Spring streets, Los Angeles, and recovered her watch. The young lady felt someone brush against her and glancing at her wrist missed her wrist watch. Looking up she saw a man departing with his hand in his pocket.

Without a word to her mother, who was with her, she darted after the stranger, who was in the company of a stylishly-dressed woman, and demanded her watch. The man denied having it. "Give me my watch or I will call the police," repeated the girl, whereupon the stranger handed her the watch and quickly disappeared.

TEUTON ATTACK FAILS AT LEINTREY, CLAIM

PARIS, Feb. 2.—The failure of a German attack against a French trench at Leintrey, was today reported. There is artillery activity around Verdun. An enemy aircraft was slightly damaged at Dunkirk.

Ask Whole Nation to Urge President to Move Carefully

New Yorkers Start Movement For Unimpassioned Consideration of Crisis

COLUMBUS, Feb. 2.—The Ohio House of Representatives today unanimously adopted a resolution declaring that it views with alarm the present crisis and calling upon every citizen of America to "stand behind the President as one man."

NEW YORK, Feb. 2.—A movement for a national appeal for unimpassioned consideration of the crisis with Germany by President Wilson, Congress and the press, and suggesting a final offer of mediation in the war, was started here today by a communication addressed to the President and signed by twenty-six persons, including Amos Pinchot, Paul H. K. Hogg, George W. Kirchwey and Oswald Garrison Villard. The appeal was printed in half page advertisements in newspapers and at the bottom was appended a line asking all persons who endorse sentiments contained in the message to telegraph President Wilson at once.

"We recognize the perplexity of the problem before you," the telegram to the President read, "and we wish to express our confidence in your wisdom and your power of leadership."

The President is asked, however, not to allow the nation "to be dragged into the war at the very end of acts of desperation committed by any of the belligerents."

The appeal expresses confidence in President Wilson and says that the people electing him support him in extreme measures to keep the country out of war.

The following suggestions of a course are then made to the President:

"First—That you call on Congress and the press of the United States for a deliberate and unimpassioned consideration of the international question with the future of mankind in mind as well as in the present crisis.

"Second—That you call on the belligerents both to meet, as the Central powers have already offered to do, and also to state their terms, as the allies already have done.

"Third—That you address to the sovereigns and executive heads of the governments a final and personal of mediation."

The message reminds President Wilson "that hasty reactions of the public press have not in earlier crises represented the fundamental feeling of the people."

The message concludes with the following:

"We believe that your great opportunity as a fighting leader of the people of this country is at hand. The men and women who elected you will back you in the most extreme measures for keeping this country clear of any ignominious eleven-hour participation in a struggle for mastery which is not their own."

STOCK MARKET STILL WAVERS

NEW YORK, Feb. 2.—Recoveries and losses were about equally divided as the Stock Exchange opened on the second day of international uncertainty regarding the submarine situation today. Steel opened at 104 1/2 to 102 1/2, against a close of 102 1/2. Crucible, American Smelting and Industrial Alcohol lost a point or more.

Reading advanced 1 1/2 to 94 1/2 and American Locomotive 1 1/2 to 67.

CHICAGO, Feb. 2.—The grain market at the opening today had apparently recovered from the panic and all grain opened steady at about last night's close. July wheat, which was especially strong, opened at an advance of 1 1/2.

MEXICAN PATROL BOAT IS DRIVEN ASHORE BY YANKEE FISH BOATS

SAN DIEGO, Feb. 2.—San Pedro and San Diego fishing boats drove the Mexican patrol boat Ensenada ashore at San Quentin, according to the crews of the American boats who say that the patrol boat was pursuing them in enforcement of fishing regulations, when the Americans chased her.

STRONGER GUARD IS PLACED AT PANAMA CANAL BY U. S. ARMY

Poin Dexter Introduces Bill For 100 Additional Submarines

WASHINGTON, Feb. 2.—Because of the possibilities of danger from the present international situation, army officials have taken steps for extra precautions at the Panama Canal, it was learned today.

Stronger watches have been placed over the locks "since Tuesday" lest there be some attempt to damage them and thus make the whole canal system useless.

Special care is being taken throughout the country to guard against any German plotting and secret service men are keeping tabs on any possible conspiracies.

PRESENTS BILL FOR 100 NEW DIVERS

WASHINGTON, Feb. 2.—Senator Poin Dexter, Washington, presented a bill today asking for 100 submarines in addition to the eighteen new submarines provided for in the naval bill.

Poin Dexter's bill, besides providing for eighty coast and twenty big sea-going submarines, would appropriate \$4,000,000 to equip government yards for their manufacture.

BROTHERHOOD CHIEF, OUSTED, SEEKING TO REGAIN HIS OFFICE

LOS ANGELES, Feb. 2.—Plans looking toward his regaining the office of supreme secretary of the Fraternal Brotherhood were today being laid, with his attorney, by Charles W. Dempster, following his being ousted on charges of insubordination by a majority ruling. Yesterday, bringing to a sensational end the eleven years of internal strife for control of the order, Dempster, after being ruled out, drew a .38 caliber automatic revolver from a desk drawer, and backing into a corner, held the Supreme Council at bay for ten minutes. He was finally disarmed by private detectives and arrested on the charge of disturbing the peace.

Immediately thereafter Mrs. Emma R. Neidig, Supreme President, arose and offered her resignation "in the interests of harmony." It was instantly accepted.

Immediate action by the remaining members of the Supreme Council named Carlos S. Hardy, prominent local attorney and widely known in the insurance field, as Supreme President; H. V. Davis, expert accountant and predecessor of Mr. Dempster in the office of Supreme Secretary, was named for that office. Both supreme officers immediately assumed charge of their new positions.

Dempster at once commenced plans to regain his office on the ground that he was illegally and tyrannically ousted from his office, in direct violation of the constitution of the order.

IMMIGRATION BILL IS OVERRIDDEN BY HOUSE

WASHINGTON, Feb. 2.—President Wilson's veto of the immigration bill because of its literacy test feature was overridden in the House by a vote of 286 to 106. Party lines were ignored in the fight, Republicans and Democrats being almost equally divided on either side.

Today the action of the House was to be reported to the Senate, where the bill passed, originally by 64 to 7. An effort to override the veto will be made there without delay, and advocates of the measure say it is certain to be successful.

For twenty years there has been a fight to establish a literacy test as a restriction upon immigration.

Four times such a provision has run the gauntlet of Congress and been vetoed by President Cleveland, by President Taft and by President Wilson in 1915 and this year.

U. S. ORDERS PROBE OF COTTON DEALS MADE ON NEW YORK 'CHANGE

WASHINGTON, Feb. 2.—The Senate today adopted resolutions authorizing the attorney general to investigate the buying and selling of contracts on the New York Cotton Exchange. Cotton growers charge the Exchange with buying and selling contracts for less than spot cotton can be bought in the South.

AMERICAN LINER READY TO SAIL INTO JAWS OF U-BOAT ZONE

St. Louis, Now At New York, Will Offer First Test of German Order

NEW YORK, Feb. 2.—Preparations today continue for sending the American liner St. Louis into the new war zone. In starting her regular voyage to Liverpool she will offer the first test of the German order. Unless there are contrary advices from Washington, the St. Louis will sail tomorrow with heavy booking.

TAKE OVER ALL RADIO STATIONS AT ONCE, IS URGED BY ROOSEVELT

BY FRANKLIN D. ROOSEVELT
Assistant Secretary of the U. S. Navy

(Written for the United Press)
WASHINGTON, Feb. 2.—As a measure of safety the United States Government should assume control of every wireless station in this country, except those engaged in purely intrastate business, at once.

Control of wires and cables is simple, but wireless messages are easily interfered with by outsiders. There should be government ownership of all wireless apparatus in peace as well as in war time, as a matter of public policy. We shouldn't let this matter wait until trouble is upon us.

The suggestion has been made to Congress and is based fundamentally upon the character of wireless telegraphy. In land telegraph lines and submarine cables each separate wire sends its own messages and does not interfere with the sending of messages on other wires. The location and existence of these wires and cables is a matter which can be determined almost at a moment's notice. The control of these is an easy matter from the military or naval point of view.

Wireless is entirely different. The sending and receiving machinery is small and readily concealable and the actual transmission of the message is through the waves of the air. This means, of course, that interference between messages increases necessarily with number of messages sent unless a perfect system with a central control is initiated. The increase in the number of installations all over the United States has been greater than the development of science in respect to non-interference and the result is growing confusion.

Quite aside from the general question of the advisability of establishing a government monopoly, the considerations in favor of government operation of wireless far outweigh any possible disadvantages.

Central control has been demonstrated to be a necessity; it cannot be carried out successfully except by actual government operation and, more important still, the military and naval requirements are such that it would be unsafe, speaking in a broad sense, to wait until after a declaration of war before taking over or closing up hundreds and thousands of small individual, privately owned stations.

The only way by which real safety can be assured is for the government to exercise this control in times of peace also.

MAN NABBED IN AZUSA SLAYING OF WOMAN

LOS ANGELES, Feb. 2.—James Lawlor, 45, admitted to be a "Peeping Tom," and suspected of being "Jack, the Choker," the man sought as the murderer of Adaline R. Russell at Azusa, was today scheduled to be either released or charged with murder. Lawlor was arrested in Monrovia yesterday, where he had been seen prowling about, looking into windows. He was taken to the psychiatric ward of the county hospital. Many residents of Azusa believe that Mrs. Russell was murdered by a woman who wielded a razor.

FRIENDS CHURCH IN WHITTIER IS TO BE LARGEST IN WORLD

WHITTIER, Feb. 2.—The First Friends Church, costing about \$65,000, exclusive of furnishings and pipe organ, will be the largest Friends church in the world and will be used by the largest Friends congregation in the world. Its cornerstone was laid yesterday, hundreds of Quakers being present. Rev. Henry Edwin McGrew, pastor for seven years, laid the mortar during impressive ceremonies.

EXECUTIVE'S AIDES BEAR SERIOUS LOOK AS THEY GO TO EPOCH-MAKING SESSION

WASHINGTON, Feb. 2.—The State Department this afternoon announced that it is not declining to issue passports to travelers "owing to the German declaration or any other ground not heretofore governing the practice of the department in the issuance of passports."

The order issued yesterday regarding passports was withdrawn. President Wilson and his cabinet officers refused to make a statement when they went into session. All had a serious look.

After two hours the cabinet still was deliberating on the German crisis.

WASHINGTON, Feb. 2.—The State Department strongly hinted that some announcement of the American course was forthcoming when it issued a statement to the effect that "Nothing had gone forward to Germany yet," and a statement to the American Steamship Company, which asked if a permit for its ships to sail would be given "by tomorrow" that the Department might give instructions today.

Every indication is that President Wilson has not made up his mind, but is still struggling with the problem.

An announcement may come after this afternoon's cabinet session, which follows President Wilson's conference with Senator Stone.

It is obvious that there will not be any hurried action. President Wilson may not act until he hears from Ambassador Gerard.

Though the feeling predominates that a break is inevitable as a result of Germany's intentions, there is still hope that the President will "do the unexpected."

It is reported that there is gloominess at the Teuton embassy. The report that Count Von Bernstorff expects to get his passports has not been denied yet.

BY ROBERT J. BENDER (United Press Staff Correspondent)

WASHINGTON, Feb. 2.—President Wilson still is striving to formulate a course to meet Germany's declaration for unrestricted warfare on the high seas. Thus far—up to early forenoon—steps suggested by Secretary of State Lansing and others have failed to receive the President's approval. Today the President will meet his cabinet and Chairman Stone of the foreign relations committee for advice for counsel.

The stormy and uncertain hours of past crisis with Germany were being repeated, but with even greater tension, as the country awaited the President's decision.

The government's course of action appeared to be limited to two diametrically opposite lines. Authorities said the President may follow the strictly legal and logical course demanded as a natural sequence to this country's diplomatic negotiations with Germany. This would mean a break.

But, disregarding precedent, he may launch an entirely new doctrine of neutrality, urging the patience, sacrifice and concession from this country that he has asked of the belligerents, in order to hold the United States free to administer what he has termed "the greater service to mankind."

Course Unknown
Which course he will choose no one knew early today. The President himself shows plainly the effect of hours of study and worry in attempting to find a solution of the problem. His conviction—often expressed—is that the fighting nations "are seeing red;" that those governing the belligerent nations have reached a pitch of frenzy where they are not responsible for the acts they do.

Behind this thought lies his firm conviction that the people of Germany—those back in the homes—do not want war with the United States and the people of the United States do not want war with them.

Friends say it was this conviction that caused the President to stand out against war with Germany, in the face of much opposition even in his own cabinet immediately after the sinking of the Lusitania. At that time he took the position that "we must not act until we can act with coolness."

The same conviction is believed today to be the staying influence which has caused a delay in determining a course of action, which, if law and logic were pursued to the letter, could at least mean a break in relations between the United States and Germany.

Historic Conference

The conference between the President and Senator Stone this afternoon promises to be historic. The last time they met under similar conditions was following the Sussex sinking. Then there were plain and strong words. The President declared then that if this country pursued its diplomatic course the loss of another American life as a result of a U-boat attack, friendly relations between the United States and Germany would cease. Such a severance of relations, the President added, would result in war.

according to his information.

At the close of the meeting he promised Stone he would never take a step which would result in actual war until they had conferred together. Today the picturesque Missouri senator is hastening back to Washington for the meeting.

In Teuton quarters, despite some bluster, hope is held that no action will come from the United States for a week at least. After that time, German officials believe, all danger will be passed, because, they say, Americans will voluntarily not travel on the sea for fear of possible injury and American shipowners will follow the German warnings in order to preserve their ships.

Danger In "Mistakes"

The danger, Teuton diplomats say, lies in the possibility of some "unfortunate mistakes" before this week is up. In the meantime, "guesses" as to the President's probable course continued along a wide range. Some went so far as to believe he would urge a "concert" of neutrals, along the lines of a league to enforce peace, to compel Germany to cease her unrestrained activities.

A prominent neutral diplomat, however, saw little hope in such a plan.

SALEM, Feb. 2.—Senator Willbur this afternoon withdrew his bill prohibiting Japanese from owning land in Oregon. He said: "I am unwilling to lay on the government at Washington any further burdens at this time."

BULLETINS

SALEM, Feb. 2.—Senator Willbur this afternoon withdrew his bill prohibiting Japanese from owning land in Oregon. He said: "I am unwilling to lay on the government at Washington any further burdens at this time."

SAN FRANCISCO, Feb. 2.—The collector of customs here today was notified that a torpedo boat had been ordered to take orders from him in preventing vessels from leaving San Francisco bay without proper clearance.

BERLIN, Feb. 2.—Few Germans today believe that America will declare war. If this belief comes true England will be compelled to make peace because of the new German blockade, it is believed.

Confidence is universal that President Wilson will find a way out of the situation without a break. Norwegian and Danish shipping offices here declare that they probably will withhold transatlantic shipping until the American attitude is determined, as Holland is doing.

BOISE, Idaho, Feb. 2.—Unless the State Department flatly asks the Idaho senate not to pass it, it seems certain that the bill prohibiting alien land ownership will pass.

SALEM, Feb. 2.—The proposed Oregon law denying Japanese landowning rights is in the hands of the senate judiciary committee today. Six of seven members of the committee are outspoken against anti-alien legislation.

NEW YORK, Feb. 2.—The American liner Philadelphia, en route to Liverpool, with many Americans aboard, today is nearing the "barred waters" around England.

LONDON, Feb. 2.—Germany has decided on martial law in Brussels in view of the forthcoming new deportation order for 60,000 Belgian workmen, according to an Exchange telegraph dispatch from the Hague today.

ROTTERDAM, Feb. 2.—The liner Nieu Amsterdam, leaving here yesterday, for New York, was today recalled to port by officials.

LONDON, Feb. 2.—Three more ships were sunk today by Germany. They were the Norwegian steamers Portia and Hekla, and the steamer Ravenbourne, believed of British registry. Three members of the Ravenbourne's crew were killed.

NEUTRALS AWAIT U. S. DECISION ON GERMANY'S STAND WITH ANXIETY

Non-Belligerents Delay Action Until American Move Is Known

HOLLAND HARDEST HIT BY TEUTON ORDERS

Nearly All European Nations Not In War Suspend Ship Sailings

LONDON, Feb. 2.—The following additional ships have been sunk: The British steamer Emonite, the Spanish steamer Algorta and the Belgian steamer Marselle.

LONDON, Feb. 2.—The neutral nations of Europe are awaiting America's decision as to Germany's new war on the seas with anxiety.

Dispatches today from the capitals of Holland, Spain and the Scandinavian countries hinted that efforts would be made in each of those nations to delay any action until that determined upon by the United States is announced. Holland is perhaps hardest struck of all the European neutrals. Dispatches from across the channel today gave a graphic picture of the seriousness with which the Dutch regarded the German orders, a seriousness which was deepened by knowledge that among the first ships to fall victim to the new sea ruthlessness was a Dutch freighter. Holland is closer to the "barred zone" about England than any other neutral nation and is correspondingly harder hit by its restrictions.

An increasing source of anxiety in the Netherlands was reports of activity of the German military machine not many miles from the Dutch border. It was pointed out today that if by any chance Germany should attempt violation of Dutch territory, the winter season, when the dikes and canals are frozen and impassable by foot, is most favorable for such a step.

From Madrid came word that the minister of foreign affairs had a long conference with American Ambassador Willard, after a prolonged cabinet session in which all the aspects of the new German order were considered. Premier Romanones was quoted as saying that the new situation created grave times for Spain.

Copenhagen reported a lengthy session of the Danish cabinet; Stockholm advices detailed the gravest apprehension voiced by press and public. Practically all European neutrals have ordered sailings suspended until some decision is reached.

PERSHING FORCE ON LAST LAP OF MARCH

TEMPORARY FIELD HEADQUARTERS, American Punitive Expedition, Ojo Federico, Chihuahua, Feb. 2.—The punitive expedition has entered on the last lap of its withdrawal from Mexico. When the main column reaches the border on February 5 there will have passed 327 days since the first troops left the United States in pursuit of Francisco Villa.

Surpassing in interest the secrecy that has cloaked the troop movements, has been the exodus of about 2000 Mexicans along the American line of communications. On foot, in rickety wagons, on burros and scrawny ponies, they are proceeding and flanking the long columns of marching troops.

FINE L. A. WOMAN \$75 FOR BITING OFFICER

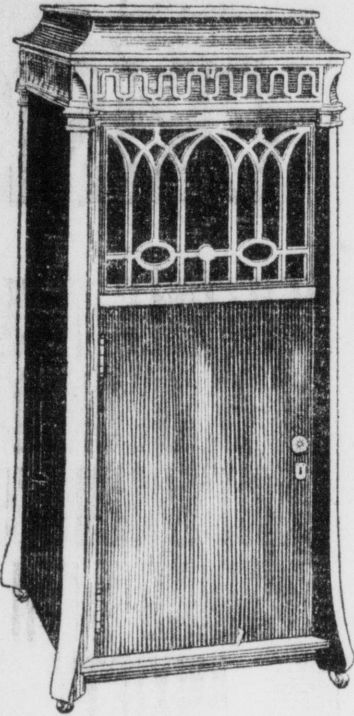

VENICE, Feb. 2.—Mrs. Blanche Harcourt of Los Angeles, arrested Sunday night, after three men used their strength against her, was fined \$75 by Judge W. A. Rennie.

Mrs. Harcourt sunk her teeth into the officers before she was subdued. She was observed waving an automatic pistol on the beach, and at a time she was said to have threatened the companion with whom she came to the beach.

Justice Cox that Garcia be held to answer for trial in the superior court without bail.

Upon Garcia, reputed bad hombre, the shadow of conviction fell yesterday. Though it was nearly eight years ago that the battered body of Reyes Molino was found upon the Santa Fe tracks near Santa Clara avenue, where it had been left that it might be run over by a train, the witnesses were clear in their statements. One of them, Ferd Prince, who was beaten over the head with a rifle, declared that the circumstances were such that he would never forget any of the details.

Deputy District Attorney Koepsel by Prince proved that Garcia was at the scene of the murder, that a man sat huddled on the tracks with something over his head. By Rufus Nieblas he proved that a short time before the murder Garcia was seen walking along the railroad tracks with something in his hand covered with a sack. It is argued by Koepsel that the object in the sack was a rifle. By Arthur Miranda, Felipe Higuera, Candelario Villa, Alberto Garcia and Theodoro Garcia he proved that on the afternoon of the murder Molino had slapped Garcia in a row at Garcia's house. One of the witnesses said that Garcia declared he would "get" Molino and Luis Manzo, concerned in the row, that night. Less than an hour after that threat was made, Theodoro Garcia, son of Jacinto, fired several bullets into Manzo, who lived to give testimony that sent Theodoro to San Quentin. Theodoro was put on the stand yesterday and was questioned as to whether or not his father went to Mexico with him, but the son proved an unwilling witness.

Two or three hours after Manzo was shot, Molino was killed. His skull was smashed with a rock.

C. E. Jackson, J. W. Murray and T. G. Cervantes, officers, gave testimony concerning investigations following the murder, showing that Garcia fled. Murray found a revolver and some empty shells near the place.

WHITTIER TEAM TO MEET ORANGE AT WHITTIER TONIGHT

WHITTIER, Feb. 2.—Intense interest centers in the basketball game here this evening between the Crescents and the Orange Athletic Club, as the game is the second between the teams and the league schedule is at a critical period in its second lap.

In their former game Whittier beat the Orange team, then the Los Angeles Athletic Club beat Whittier, then the Orange bunch trimmed the L. A. A. C. proper last evening. It would seem to be up to the bankers to administer another licking to the Orange team today, so as to start the circle all over again.

The game will be hard fought, and a big attendance is expected from Orange as well as from the local fans.

MOTORCYCLE HITS AUTO, RIDER HURT

As a result of a collision between a motorcycle and an automobile at the corner of Miranda avenue and the state highway, La Habra, Lester C. Frazier of Placentia is at the home of his mother at Los Angeles, with his right leg badly broken and with severe contusions and lacerations about the head and body.

According to witnesses, Frazier was traveling at a terrific rate of speed and as he approached the corner, G. H. Crooks of East Whittier, coming north from La Habra, drove out on the highway.

As the corner is obscured by trees, neither man saw the other until they were close together. Crooks swung into the walnut orchard north of the highway in an effort to prevent the accident, but Frazier evidently became confused and turned the same way, for he crashed into the other vehicle head-on.

Crooks, who is an employee of the Standard Oil Company, was unhurt. Frazier lives in Los Angeles, but has been working on a ranch near Placentia.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And Musterole won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain.

Musterole is a clean, white ointment made with oil of mustard. It is fine for quick relief for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds on the chest (it often prevents pneumonia). Nothing like Musterole for croupy children. Keep it handy for instant use.

FORMER SHERIFF RUDDOCK LONG ILL DIES AT FULLERTON

Death Ends Two-year Struggle of Man Prominent In Orange County

Charles E. Ruddock, for four years sheriff of Orange county, died at his home at Fullerton last night soon after midnight, following a long, lingering illness. During his activity in this county he was recognized as a man of prominence and force.

After serving three two-year terms as city marshal of Fullerton, he became a candidate for sheriff and in 1910 he was elected to that office, which he held from January 1, 1911, to January 1, 1915. He was well known throughout the county, and was especially popular in the north end of the county, where he was best known, and where politically his backing was always of the very strongest.

Fraternally, the ex-sheriff was a Mason, an Elk, an Odd Fellow and a member of the K. of P. order.

He was a member of Fullerton Lodge No. 339, F. and A. M.; Fullerton chapter, No. 90, R. A. M.; Santa Ana Commandery, No. 36, Knights Templar; Santa Ana Council, No. 14, R. & S. M.; Hermosa Chapter, No. 105, Order of Eastern Star, of Santa Ana.

Mr. Ruddock was born on March 8, 1864, in Chenango county, N. Y., and soon after with his parents moved to Wisconsin, where in 1884 he was married to a distant relative, Miss Lila Ruddock. He moved to Fullerton in 1897, where he has since lived excepting during the four years he lived in Santa Ana when he was sheriff. He leaves a widow and one daughter, Mrs. Wallace Oswald of Fullerton, and a brother, W. C. Ruddock, of Bards-town. He has been ill for nearly two years.

The funeral will take place at the Presbyterian church, Fullerton, Monday afternoon at 2 o'clock, and, according to the wish of Mr. Ruddock, the services will be in charge of C. C. Chapman, a close personal friend, and Rev. E. J. Statom, pastor of the church.

Interment will be in Loma Vista cemetery. The services at the grave will be conducted by C. Stanley Chapman, who was made a Master Mason when Mr. Ruddock was Worshipful Master of the Fullerton lodge.

COUNTY CLERK KELLY

With No Appetite, All Run-down, Tells How Vinol Helped Him

—So many cases like this are coming to our attention that we are publishing this letter for the benefit of Santa Ana people who are in Mr. Kelly's condition. Read our offer below.

Clarksville, Tenn. "I am a County Court Clerk, and became run-down, no appetite, was drowsy and felt badly most of the time. I had tried several remedies without benefit. One day I read an advertisement of Vinol and at once tried it. In a short time my appetite improved, my strength increased and I felt better in every way."—S. W. Kelly.

The reason Vinol is so successful in such cases is because it is an unequalled tonic-body-builder, combining beef and cod liver peptonates, iron and manganese peptonates and glycerophosphates, the oldest and most famous tonics known to medicine.

So strong is our faith in Vinol that we offer to return the purchaser's money in every case if Vinol should fail to give satisfactory results. Rowley Drug Co., Santa Ana; also at the leading drug store in all California towns.—Advertisement.

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-Cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair

—Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Advertisement.

—feels the need of some added feature to the bathroom, kitchen or laundry—a fixture that will make the home more comfortable and add to the convenience of its members.

Perhaps the present bath-tub is out of date. A nice, modern, roomy one is needed. Or perhaps the wash bowl is too small, the faucets leaky and out of date.

Many times the inconvenience is in the laundry room, where mother is compelled to use wash-tubs instead of an up-to-date laundry tray that would cut her work in half and save her back.

Suppose you direct us to look over your home and give you an estimate of what it will cost to put in the fixtures most needed.

Much Property in Santa Ana, Vicinity Changes Hands; Building Active

Real estate activity in Santa Ana and Orange county has taken a more than noticeable spurt during the past two months or so, the great amount of money available at low interest being assigned as the principal reason.

One real estate dealer today declared that transactions during the past two months were more than double those during the same period a year ago.

Building of residences also has been given an appreciable impetus, owing to the fact that but few good houses are available for rental. Apartments and rooms are filled.

During the past few months there has been a renewal of briskness in the building of brick blocks in Santa Ana. In various sections of the city business structures, principally for the use of automobile and accessory firms, have been erected, or about to be erected.

Many Realty Deals Put Through Recently

Among the larger realty deals recently completed was the purchase of the Czarne property on Sycamore street, between Fourth and Fifth streets, by L. D. Mercereau. The purchase of the Halladay property on East First street by P. A. Robinson also comes under the need of transactions standing out prominently. These deals are only two of a large number that have been made, not only in Santa Ana but in other parts of the county. Many tracts of citrus and other lands have changed hands recently.

A splendid future in all lines of real estate and building activity is seen by N. J. Warner of the real estate firm of Wells and Warner.

"There are hardly any houses available for rental purposes," said Warner today. "Everything is filled up and I expect to see a big increase in

the building of private residences and apartments.

Asked as to what he attributed the gain in general operations, Warner said:

Much Money on Hand And Interest Low

"I believe it is due to the fact that there is a great deal of money on hand, at low rates of interest. Things began to pick up immediately after the election. The period of uncertainty was over then and people were ready to go ahead with plans."

C. E. Parker, president and manager of the Orange County Title Company, said:

"Yes," there has been a quite evident increase in transfers. It began just after the holidays. I believe that the low rates of interest have been the principal cause. A man with money to loan prefers to invest it, rather than lending it at the present low rates."

The dull period, in Parker's opinion, was caused by property being held at too high prices.

"Ten or twelve years ago," said Parker, "it was possible to buy city property or acreage at, say, \$500 to \$800 an acre, and after holding it for a short time, turn it over at a considerable profit. Things are different now. Property has gone up in price until it is practically impossible for an investor to transfer it quickly and make anything like the profits that were possible some years ago."

"However, there is so much capital on hand now and rates of interest are so low that property is bound to change hands, despite high prices."

13 YOUNGSTERS AND 3 COWS GET L. A. MAN INTO COURT TROUBLE

LOS ANGELES, Feb. 2.—Thirteen kids and three cows got Jean Trebaol into Judge White's court today.

Neighbors claimed that the three bovines, running loose in the Hollywood section, were a nuisance, and caused the law to get busy.

"What's a fellow to do?" asked Trebaol. "Thirteen kids must have lots of milk to drink."

"Keep your cows in another neighborhood," said the judge. "Also keep them shut up. Then there will be no more trouble."

KILLS PAIN**NO FICTION IN GREAT MOTION PICTURE DUE AT WEST END**

Every Point of Interest In Greater New York Covered In Film

Undoubtedly the motion picture spectacle of Greater New York, to be presented at the West End Theater on Sunday, Monday, Tuesday and Wednesday of next week is one of the most interesting pictures that has ever been shown in Santa Ana. The greatest appeal that this picture makes is the fact that from start to finish it is real. There is no acting, no make believe, nothing fictitious. It depicts things that you have read about and have longed to see. Seated comfortably, you see life in one great city as it really exists.

Every point of interest of Greater New York is covered by this most remarkable picture. The Great White Way with its gaudies by day and by night, the wonderful skyscraper buildings, the financial district, where the big business of the world is transacted, the tenement section with its poverty-stricken population, the great prisons wherein the world's greatest crime life in the city is portrayed as it is lived by its cosmopolitan population.

In addition to the Greater New York pictures the West End will have its regular Paramount pictures, making practically two big shows at a cost of 15 cents, only 5 cents more than the regular price of admission.

The added attractions for Sunday and Monday to be shown with the Greater New York picture is "The Phantom Buccaneer," starring Billie Burke and Richard C. Travers, also the Burton Holmes travelogue pictures.

ORANGE TEAM IS HIGH SCHOOL CHAMPS

Huntington Beach Players Are Defeated By a Score Of 53 to 18

ORANGE, Feb. 2.—Easily defending the honors won last year, Orange High School retained the county basketball championship for another year by defeating Huntington Beach at the Orange Athletic Club. It was a clean cut victory, the score being 53 to 18. Cutting loose after Huntington Beach piled up a lead of 3 to 0, the Orange team forged ahead a safe distance and then settled back to take things easy.

Captain Potter again led his team in scoring and his playing was the brilliant feature of the attack. Nuffer gave another slashing exhibition of running guard and Rozell handled the hand to hand fighting under the goal with his usual aplomb. Hinrichs took the ball consistently at center and did some good plugging at both ends of the court. Dutch covers lots of ground, has a sure goal eye and his passing is steadily developing. Clabby by also had his goal eye along with him yesterday and was close behind Potter in that respect.

Malette was the star of the visitors but had little chance to shine under the existing force of circumstances.

The line-up:
Orange: Potter (20) Forward, Malette (12) Center, Clabby (15) Forward, Given (2) Guard, Hinrichs (6) Guard, Rozell (12) Guard, Farrar Guard.
H. Beach: Malette (12) Center, Given (2) Guard, Mitchell (12) Guard, Gothard (2) Guard, Maddux (2) Guard, Harris (2) Guard.**LAWYER ROGERS QUILTS FAMOUS BEACH 'DEATH FARM' MYSTERY CASE**

LOS ANGELES, Feb. 2.—Declaring that the friends of Benton L. Barrett, charged with the murder of his wife and stepson at Santa Monica, "are utterly unaware of the situation confronting the prisoner" and that they have refused to give him facilities to work with, Attorney Earl Rogers has withdrawn from the famous mystery case.

"I need investigators and experts, and more, I need to learn the truth," said Rogers. There are too many unexplained mysteries in this case.

"As an instance of what I am up against: A man who knew Mrs. Barrett quite well visited her the night prior to her disappearance, and then he disappeared the next day. Two days later he returned, his automobile covered with mud, and in a battered condition. The machine was cleaned and altered, and then this man, with his wife and family, disappeared. They left in the machine, not taking even a change of linen with them. They went south and put the machine in a garage under a false name. Then they went into Mexico; later into Texas, where Mrs. Barrett formerly lived, then to Indianapolis and back to Texas. After some weeks they returned to the place where the automobile was hidden and came home. In the meantime their relatives said the man was at the funeral of some one in the north. As a matter of fact the funeral occurred some three weeks prior to the disappearance of this man and of Mrs. Barrett."

"Now, there may be nothing in this."

POLITICS

The leaven of the state highway system is still working. It will result, sooner or later, in doing away with the antiquated road building practices of the counties and place the county road making system on a rational basis. The new charter of Santa Barbara county provides for the road engineer system there and places the work now done by the county surveyor in the hands of the county road engineer. The following Sacramento dispatch shows how the leaven is working at the capitol:

"The pioneering done in 1915 to take the county road systems of the state out of politics will not be allowed to go for naught by advocates of modern methods. At least one comprehensive measure will be introduced within a few days in the Senate aimed at the use of the roads as private political adjuncts.

"This session the fight is certain to be renewed over what will be known as the Herbert W. Slater bill. It will follow closely the lines of the Meek bill of 1915, which provided for a county road engineer to have power over the highways.

"In discussing his proposed measure Senator Slater said:

"I believe the fight should go on for the good roads movement in the counties. The state has made great strides in its system of taking the roads and highways out of politics and putting trained experts in this character of construction in charge.

"Roads should not be left the political playthings of men who know nothing of modern methods and care only to build fences for future elections.

"We will never have proper administration of county roads under the present system.

"I know that even supervisors in many counties of the state want to break away from this antiquated system. Many have expressed themselves to me, and they will support any serious effort to secure a better system.

"There is no argument for the present system, its failings are too widely known to dwell on them. But there is everything in favor of a new system built on efficiency such as trained experts are able to give. I propose to make a fight for this bill, or, if not my own, for any other measure brought before this legislature which best fits the needs of the counties of the state."

TEACH CITIZENSHIP

A plan of Minnesota educators to establish a thorough course in citizenship in every school in the state has been endorsed by a committee of the Minnesota Educational Association which met recently with C. G. Schulz, state superintendent of education, in the capitol at St. Paul, according to the Minneapolis Journal.

The committee found on investigation that the increase in the teaching of common school subjects had exceeded greatly instruction in citizenship subjects. Dead languages received more attention, the members said.

As a result of the indorsement the plan will be considered by the state high school board and the committee will urge that the course be established before the end of the present school year.

"Citizenship, which is education, chiefly composed of civil government, economics, political history and general American history, has been neglected, and as a result children are growing up without a true knowledge of their state or country," said Prof. N. R. Ringdahl.

"This kind of education is the backbone of intelligent voting and hence of government stability. The reason that so many excellent measures for state development are lost is because the men were not taught these things and do not vote on them. They are honest and will not vote for something they know nothing about. They should now, however, and we believe that we will have better voting, a greater patriotism and a better country if we get this through."

WITH MALICE TOWARD NONE

THE FUNNY MAN
Upon a rainy day, the world a-soak,
You want your daily paper, and the
bloke
Who brought it, dropped it in a pool
of wet;
Which was his putrid notion of a joke.

PASSING THE LIMIT
A man is under arrest for the theft
of thirty automobiles. It is hoped that
the judicial custom of giving such of-
fenders a slap on the wrist will be
waived in this instance.

The code of ethics governing the lar-
ceny when the purpose in view is a
joyride. If the thief is having a night
out and wants a little fun, he seems to
be welcome to grab the first machine
he sees, the joke being on the owner,
who has been known to protest chirp-
lishly, but all in vain.

It stands to reason, however, that no
joyrider is entitled to thirty different
ventures into the field even of such in-
nocent sport.

PERILS OF THE DESERT
An enthusiastic German, turning the
eye of faith toward the future, ob-
serves, with emotions varying accord-
ing to his temperament, that England
will be starving.

Then the Britisher applies the glass
of prophecy to his own eye, and be-
hold, he sees Germany, auint and fam-
ished, begging for a solitary link of
bologna, and not getting it.

ONE EXECUTIVE PLEASURE
It must be a pleasure to be president
at one of the times when an omnibus
building bill comes to the executive
desk for signature.

The joy of putting the kibosh on
such a measure must be one of the fin-
est of thrills.

REMEDIAL

himself, were hungry and had no
prospects of anything to eat, a man.

AMUSEMENTS

CLARA KIMBALL YOUNG
IN COMEDY AT TEMPLE

What is the big distinction between
members of royal families and those of
more humble birth? After all, is there
any real difference? Given the oppor-
tunity, cannot the son or daughter of
a poor man acquire sufficient "polish"
and bearing to enable them to hold
their own with their so-called superi-
ors?

Take Susan for an example. She
comes from very poor but respectable
parentage—yet, as a model in the
most exclusive establishment in New
York city, she causes many society
leaders to pattern after her carriage.

Also, Susan's parents for three gen-
erations at least, were all Americans.
Yet society went mad over the Countess
who appeared at Mrs. Luckett's
ball—no other than Susan of the mod-
estly obliging Mrs. Luckett by mas-
querading to replace the absent Countess.

This play will furnish you many
laughs. The title is "The Rise of
Susan," and will be the attraction at
the Temple Theater tomorrow, Sunday
—matinee.

Clune's Theater

William Desmond is seen as a full-
fledged Triangle star in the new play,
"The Iced Bullet," which will be seen
at Clune's Theater tonight. The play
derives its odd name from a mysteri-
ous contrivance used by the villain of
the piece to assassinate his guardian
while the two are separated by some
hundreds of miles. Desmond appears
as a crime specialist who is called on
to undertake the difficult task of find-
ing out how the shooting was ac-
complished. In this he succeeds, and
incidentally wins the hand of the vic-
tim's daughter. Desmond also appears
in another role in the same play, as
the early part of the action shows
him as an aspiring scenario writer
seeking to place his play, "The Iced
Bullet," at the Thomas H. Ince studios.
In this he is wholly unsuccessful, and
the theme of his story takes place
only in a dream which comes to him
in an unguarded office after he has
been buffeted about the studios. This
earlier portion of the play renders pos-
sible the showing of both exteriors
and interiors of the great Thomas H.
Ince plant at Culver City, which are
said to be extremely interesting.

At the Princess

Manager Mark Hearn of the Prin-
cess Theater announces a special
program tomorrow afternoon of inter-
est to children. An animal picture
has been secured, showing the chim-
panzees, Napoleon the Great and Sal-
ly, his mate.

While Mr. Hearn does not run a spe-
cial children's matinee on Saturday
afternoons he is attempting to put on
clean, censored pictures of interest to
children on that day in response to a
popular demand.

ing up in this town, call the Sui-

AT HIGH NOON

Interesting Wedding Yesterday of Miss Florence Hall and Robert Evans

An interesting wedding, quiet because of a recent bereavement in the family, was that at high noon yesterday, when Miss Florence Hall, daughter of the late Mr. and Mrs. O. F. Hall, became the charming bride of Robert Evans, son of Mr. and Mrs. James H. Evans of Harper, Rev. John Wood, pastor of the Methodist churches at Newport Beach and Harper, officiating.

The marriage was solemnized at the home of Miss Hall at 714 South Van Ness avenue and the rooms were garlanded with a wealth of plumosus fern, studded with spicy pink and white carnations. Instead of the usual bell, the bride and groom stood under a graceful canopy of the greenery with the pink tints showing through and the picture moulds, window and chandeliers were wreathed with the dainty fresh-leaved vine.

The bridal couple was unattended, the bride wearing a stunning tailored gown of green and white picture hat and carried a shower of lilies of the valley and maidenhair ferns.

Following the shower of congratulations and viewing of the handsome wedding gifts, the company went to the home of Mr. and Mrs. R. P. Preston, the bride's sister and brother-in-law, which is next door, and were catered to by the Dragon for a sumptuous luncheon. The background was a dream of beauty, the same color motif of pink and green being carried out throughout all the dainty appointments. The ices were served in slippers and the individual wedding cakes were iced in white and topped with lilies and their leaves.

Mr. and Mrs. Evans left for a honeymoon trip to Temescal in an automobile fully decorated by well-meaning friends for the occasion. Upon their return they will reside at 714 South Van Ness avenue.

The guests included Mr. and Mrs. James H. Evans of Harper, Rev. and Mrs. John Wood of Newport Beach, Mr. and Mrs. R. P. Preston, Mrs. Martha Preston of Los Angeles, Mr. and Mrs. C. R. Van Dusen and daughter, Dorothy, of Orange, Miss Willamette A. Preston of Los Angeles, Mr. and Mrs. George Balderston and A. J. Gulick.

N. M. U. DINNER

Miss Alice Wasser Hostess to Club Members Last Evening At Jolly Affair

Another jolly affair was added to the list in the diary of the N. M. U. Club, Miss Alice Wasser being hostess yesterday evening to the members at dinner. Above the prettily-appointed table was suspended a vari-colored Japanese parasol, from which overhanging delicate peach blossoms, Japanese lanterns covered the lights and the gay lanterns hung on miniature "cherry" trees.

The place cards were daintily hand-painted and the nut cups were in lantern shape. "Togo," alits Master Kerr Wallace, made an efficient waiter.

Following the discussion of the excellent menu, cross questions and silly answers caused much amusement and the prize, a gorgeous mandarin bag, went to Miss Adeline Hill, while Mrs. Charles Cotant received the guests' prize, a pair of Japanese boudoir slippers.

Besides the hostess, covers were laid for Mmes. Jack Palmer, Charles Cotant; Misses Adeline Hill, Mary and Eunice Whipple, Zoe Vanderlip, Marguerite Wallace, O. Joy Baker, Frances and Gertrude Potts, Hazel Stockslager and Zelma Sturgeon.

Relief Corps Meeting

Sedgwick Relief Corps No. 17, met on its regular day, February 1, with the corps president presiding. A goodly number was present, with every officer but one in her chair. Many sick visits were reported.

The monthly tea will be held its regular day, February 9, in G. A. R. hall. The G. A. R. Circle and Daughters of Veterans are especially invited to attend and the public in general.

Mrs. S. C. Sutherland from Nevada, Iowa, visited the corps and gave a very pleasing speech, expressing her pleasure at being with the corps. Comrade M. N. Fuller from Bowling Green, Mo., also gave a pleasing speech and thanked the corps for letting him in, saying that as he was from Missouri he thought perhaps he would have to be shown, but is delighted to be in Southern California.

Coughs Worse at Night

The simplest and quickest way to get rid of a wearing, racking night cough, tickling throat, hoarse, wheezy breathing is to take

Foley's Honey and Tar.

In it, you get the curative influence of the pine tar and other healing ingredients, together with the mollifying and laxative action of honey.

Editor C. T. Miller, Cannelton, Ind. (Knicker) writes: "I was troubled with bronchial affection and coughed constantly day and night. Took Foley's Honey and Tar and got relief. It is great for bronchial colds and coughs. The grippe and bronchial coughs, croup, hoarseness, tickling throat, are all quickly relieved."

VIOLET LUNCHEON

Few Old Friends of Mrs. J. I. Clark Gather For Pleasant Little Luncheon

A few friends, who do not come together very often enjoyed a very happy little reunion yesterday at the home of Mrs. J. I. Clark, when that genial hostess gave a violet luncheon, which was very charming in all its dainty arrangements.

A graceful basket occupied the table's center and was filled with the blue-eyed blooms, the handle being graced with a fluffy tulle bow. The nut baskets and place cards carried out the attractive plan. A menu of four delicious courses was served. Sprays of mustard blossoms and violets were used about the room.

Besides the hostess, places were set for Mmes. A. W. Ames, J. P. Baumgartner, H. C. Dawes, C. V. Davis, J. A. Stevenson, W. M. Smart, Asa Vandermast, R. G. Tuthill, J. S. Wasser and E. L. Morrison.

The afternoon hours were spent enjoyably with crocheting and jolly chat. The living rooms were fragrant with Roman hyacinths and long-stemmed California violets.

A GREAT SUCCESS

McKinley Parent-Teacher Association Gives Excellent Program At School

The entertainment given last evening by the McKinley Parent-Teacher Association was a rousing success from every angle, as to an evening of high worth and entertainment, attendance, and finance. The Kindergarten building on West Third street was taxed to its capacity with interested friends and parents of this school and at 7:30 the program was opened with a short address by Mrs. F. D. Drake, president of the McKinley association.

Then followed a piano duet by Mrs. Moerser and Mrs. Paul. Their first number being the "Cyclone," by Meacham, and their very pleasing rendition of this brought forth very hearty applause to which they very graciously responded with the "Three Graces."

A vocal duet followed next by Mrs. J. W. Sackman and W. C. Vierra, their number being "Sing Me to Sleep," their voices blended beautifully. The Misses Blanche and Glenagene Hill accompanying on the piano and violin. They responded with a second number, "Sunset," which was also much enjoyed.

"The Ladies' Quartette sang two very beautiful numbers without musical accompaniment. Their first was "Hail, the Starry Flag," and "Stars of a Summer Night" the second. This quartette is composed of Mrs. Harry Hayes, Mrs. Joel Crites, Mrs. Jas. O'Brien and Miss Seaton, and their numbers were very greatly appreciated.

Mrs. A. H. Small followed with a reading entitled "The Errand Horatio Forgot" and to a most hearty applause responded with "The Bear Story" by Riley, and after insistent encore graciously gave a third number.

The gem of the evening was certainly in the next number, the bass solo by Walter C. Vierra, when by special request he sang "A Thousand Leagues 'neath the Sea," answering to a second with "Beauty's Eyes." It goes without saying that he was most

thoroughly enjoyed and appreciated as was manifested by the applause given him.

The Misses H followed with a piano and violin number, little Miss Glenagene winning her listeners in her usual sweet pleasing manner and kindly responded a second number.

Mrs. J. W. Skman favored with two vocal numbers in her usual manner, her number being "Today" and "God Remember When the World Forgets," by Bd.

Mrs. E. L. Vely simply took the house by storm with her first number, "Widow Diles" and kindly responded a second and third time. Her second number was "Friday Afternoon at Frog Flow."

"A Perfect IV" by Bond, was next rendered by M. S. W. Gordon, her beautiful, full, contralto voice filling the room with its sweetness. Her second number was "Somewhere" by Harris.

The piano number by Mrs. Maudene Blackburn was a treat to music lovers, and was as pleasingly rendered; her numbers being "Valse Brillante" in a flat, by Cho, and "A Mexican Serenade," by Wiot.

Miss Wandavis of La Habra followed with the pianologue numbers and was most thoroughly enjoyed. She gave "Mjhadaw" by Stevenson and "Philosof" and after most hearty applause responded with a third number today's First Day At School, which was also much enjoyed.

"My Wild In Use" by Olcott and "A Little Iris-Girl" by Lohr were rendered in very sweetly pleasing manner, and were enjoyed as appropriate plainclothes.

A piano duet by Mrs. Grimes and Mrs. Blackburn closed this pleasant two hour program. They played two Chopin numbers in a manner much enjoyed, their first being "Polonaise Militaire in A Major" and the second "A New Virginia."

Miss Blanche and Mrs. Maudene Blackburn were the accompanists for the evening.

Worthy mention should be made of the programs of the evening, which were written by pupils in the fourth and fifth grades, and their penmanship and neat reflect great credit to this institution of the school.

The McKinley T. Association wish to take thanks to extend thanks and appreciation to each and every one, who in any way gave of their talent, time interest to make the entertainment grand success that it was.

The sale of homemade candy netted a neat sum added to the proceeds of the singing and the committee in charge are able to turn \$20.00 over to the treasurer of the McKinley P. T. A.

The capable nettee in charge was composed Mrs. F. D. Drake.

Reason to Buy Your Clothing Now

GOOD Clothing is of course, made of wool. Wool is at the highest price ever known. Consequently, clothing is going to be higher in price.

That which we have on hand now was bought at a lower market price than will be reached for a long time to come.

Consequently our clothing today is being sold at the old prices and is the same good quality as always.

We can sell you a suit or overcoat now at \$15, \$20, or \$25, which will cost you considerably more later in the season.

In the face of these conditions, we feel free to tell you plainly and honestly that we will NOT have our usual Clearance Sale.

Regular prices will be maintained absolutely throughout the season; the only reduction at all being to the extent of a few specials on some broken lots in Men's and Young Men's suits.

We feel that it is not amiss to tell you that this condition prevails everywhere and you will not find LEGITIMATE VALUES reduced in price by merchants who follow the usual reputable methods.

We believe that you will appreciate this honest heart to heart talk about conditions which is given at this time so that those who might possibly wait for the usual price reductions given here and elsewhere will not be disappointed.

Brilliant Wedding at Mission Town

Miss Alice Forster, daughter of Mr. and Mrs. Frank Forster of San Juan Capistrano, was married on Wednesday to Arley Leck, son of Supervisor and Mrs. Jasper S. Leck of San Juan Capistrano, both families being prominent in Orange county.

Father St. John O'Sullivan, pastor at the mission, was the officiating priest and sixty guests witnessed the impressive rites of the Catholic church.

The ceremony was performed in the living room at the bride's beautiful home, which was decorated with a profusion of lovely flowers, the marriage vows being pledged under a canopy of fern and spicy pink carnations. A silver bell guarded with a snowy dove on either side was suspended above the bride's head.

The bride's young brother was the candlebearer. The bride was enhanced by her lovely embroidered net gown with silk underdress and a veil of priceless value as an heirloom was exquisitely embroidered. Miss Zenia Leck and Miss Inez Forster made beautiful attendants.

An elaborate wedding dinner was served at the old mission, long tables being decorated with quantities of pink carnations and fern. The cutting of the wedding cake by the happy bride was a feature of the occasion.

Mr. and Mrs. Leck went to San Diego for their wedding trip, the going away suit being of tawn-colored broadcloth. The young couple will reside at Tustin.

Of Interest to Women

The Woman's Legislative Council of California will hold a meeting Wednesday, February 21, at 2:30 p. m., in the city council chambers for the purpose of discussing the bills endorsed by the council. Assemblyman Joe Burke will be present to discuss the bills, also several outside speakers, among whom it is hoped will be S. C. Evans, state senator from Riverside.

The bills to be discussed are: The Community Property Measure, presented by Mrs. S. M. Davis; Care for the Feeble Minded, Mrs. J. N. Anderson; Change in State Board of Health, Mrs. R. A. Cushman; Changing Age Limit in Cases of Orphans and Half Orphans, Mrs. W. L. Grubb; Women on Juries, Mrs. A. J. Lawton.

All are invited, especially the women of Orange county.

Welcomed Wisconsin Friends

Mr. and Mrs. R. J. Sweet were happy yesterday with a number of guests, formerly neighbors in Waupun, Wis., who are spending the winter at Long Beach. A luncheon was served at half past twelve, the table decorations being fresh-leaved ferns in a broad vase.

The afternoon was spent with reminiscences of by-gone days, the ladies occupying themselves with fancy work.

The guests included Mr. and Mrs. Brackenbury, Mr. and Mrs. Dunham and Mr. and Mrs. Beardsley of Long Beach; Mr. and Mrs. H. Z. Beebe, Anaheim, and Mr. and Mrs. L. A. Sweet of this city.

Second League Debate

The Southwestern League debate will be held next Friday night, here with Pomona and at Pasadena with Pasadena. The question will be "Admitting the feasibility of actual purchase, resolved that government ownership of all interstate railroads would be in the interest of the general welfare of the people of the United States, constitutionally waived."

Eugene Trago and Alvin West for the affirmative will debate here, while George and Miss Fern Hill

will go to Pasadena. This is the second debate of the season in the league. The last time Santa Ana defeated Lincoln school of Los Angeles and were defeated at Glendale.

The debate will be held Friday in the Intermediate assembly room.

The recital given by the famous baritone, Glen Ellison, at the Grand Opera House last evening, was attended by a large and appreciative audience.

A demonstration of the reproduction of the human voice was given when Ellison sang several numbers along with records of his voice played on an Edison Diamond Disc talking machine. Ellison paused from time to time during his recital to prove that it is impossible to distinguish whether the artist was singing or the instrument, except by watching his lips.

-a package of salt?

LESLIE SALT-

says your grocer.

Here recommends Leslie Salt above all others because he knows it is the purest recrystallized salt.

Salt is an important item to you—but is the smallest item your grocer carries.

The fact that your grocer is careful enough to offer you the best salt—Leslie Salt—is positive proof that he will select and offer you the best of all other lines.

The grocer who is careful in little things is careful in big things.

Leslie Salt is a badge of quality on your grocer's shelf. Look for it.

DEFENSE OF NEW TEUTON POLICY CONTAINED IN MEMORANDUM

Additional Note From Kaiser Is Made Public By State Department

WASHINGTON, Feb. 2.—An additional German memorandum, accompanying the note received Wednesday and making clear the German position as to the United States has been made public by the State Department. The memorandum is clearly intended to point out that Germany "withdrew" and did not clothe her submarine pledge made in the Sussex case to this country. The memorandum follows:

"After bluntly refusing Germany's peace offer, the Entente powers stated in their note addressed to the American Government that they are determined to continue the war in order to deprive Germany of German provinces in the West and the East, to destroy Austria-Hungary and to annihilate Turkey. In waging war with such aims the Entente allies are violating all rules of international law, as they prevent the legitimate trade of neutrals with the Central powers and of the neutrals among themselves.

"Germany has, so far, not made unrestricted use of the weapon which she possesses in her submarines.

A WELL-KNOWN WOMAN SPEAKS.

Los Angeles, Cal.—"It gives me great pleasure to add my testimonial to the many you have already. I cannot say enough in praise of your great medicine, 'Favorite Prescription.' Had used several different medicines for woman's disorders but found none that did me any good until I learned of yours. Using yours I got quick, excellent results. Will always sing the praises of Dr. Pierce's medicine. My mother and sisters also used them and found that they were all that was claimed for them. It is always a great pleasure to tell a suffering woman of these remedies, and I always find that whoever I tell of the good they will do is afterward ready to join in the praise. May I always be in reach of them."—Miss MATTIE LOU CARTER, 1514 S. Ardmore Ave.

Every woman who has reason to believe that backache, headache, pain, low spirits, sleeplessness, irregularity or a catarrhal condition is caused by a derangement of the womanly functions, owes it to herself to speedily overcome the trouble before a general breakdown causes permanent prostration.

Dr. Pierce's Favorite Prescription is a non-alcoholic remedy that any ailing woman can safely take because it is prepared from roots and herbs with pure glycerine, containing tonic properties of the most pronounced character.

FREE.—Dr. Pierce's Medical Adviser, cloth-bound, sent free on receipt of three dimes (or stamps) to pay expense of mailing only. Dr. Pierce, Invalids' Hotel, 665 N. 3rd St., Buffalo, N. Y.

RUB YOUR EYES

and get a clear vision of the possibilities of Fruit and Nut growing without irrigation in the Templeton-Paso Robles district—a swell place for a home—money making opportunities undreamed of a few years back, a combination of desirable conditions possessed by no other locality in the state, these are reasons why so many men from Orange county and other Southern California points are investing there.

10 acre lots, best orchard zone, near town, fine soil for almonds, walnuts, pears or prunes—all money makers—\$30.00 to \$175.00 per acre.

10 acre lots, young orchards just coming into bearing, \$300.00 to \$400.00 per acre.

Here are two good ones, combinations suitable for dairying, hog raising and fruit growing, 1/4 mile from high school.

30 acres, 1/2 in alfalfa, 1/2 in fine pear, prune or walnut land, \$200.00 per acre.

43 acres adjoining and in the same combination and price, the alfalfa land owns electric pumping plant and modern cement pipe line system.

Since the Entente powers, however, have made it impossible to come to an understanding based upon equality of rights of all nations, as proposed by the Central powers, and have, instead, declared only such a peace to be possible which shall be dictated by the Entente allies and shall result in the destruction and the humiliation of the Central powers, Germany is unable to further forego the use of her submarines.

"The Imperial Government, therefore, does not doubt that the Government of the United States will understand the situation thus forced upon Germany by the Entente allies' brutal methods of war and by their determination to destroy the Central powers, and that the Government of the United States will further realize that the new openly disclosed intentions of the Entente allies give back to Germany the freedom of action which she reserved in her note addressed to the Government of the United States on May 14, 1916.

"Under these circumstances, Germany will meet the illegal measures of force by forcibly preventing, after February 1, 1917, in a zone around Great Britain, France, Italy and in the Eastern Mediterranean, all navigation; that of the neutrals included, from and to England and from and to France, etc., etc., all ships met within that zone will be sunk.

"The Imperial Government is confident that this measure will result in a speedy termination of the war and in the restoration of peace, which the Government of the United States has so much at heart. Like the Government of the United States, Germany and her allies had hoped to reach this goal by negotiations. Now that the war, through the fault of Germany's enemies, has to be continued, the Imperial Government officials feel sure of the necessity of adopting such measures as are destined to bring about a speedy end of the horrible and useless bloodshed. The Imperial Government hopes all the more for such an understanding other position as the neutrals have under the pressure of the Entente powers suffered great losses, being forced by them either to give up their entire trade or to limit it according to conditions arbitrarily determined by Germany's enemies in violation of international law."

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Feb. 2.—A group wishing to learn how to enjoy themselves would have found many winters at an affair given last evening at the home of Henry Pohndorf on both Tustin street, where a stag party of his friends gathered to help celebrate his birthday. The affair was arranged with successful results. A surprise party by his sisters, Misses Sophia and Katie Phondorf. The following were present: Henry Pohndorf, Fred Ahlefeld, Henry Seba, Gust Klaus, termeyer, Ralph Ahlefeld, Louis Gunther, George Seba, Hen. Klauster meyer, Fred Gerken, Hean Uphal, Henry Gerken, Oscar Riew, Walter Gerken, Otto Rohrer and Alfred Priess.

The McPherson Club met Wednesday afternoon at the home of Mrs. J. F. Stone with an unusually large attendance. It was the first meeting since the holiday and every one was glad to meet again. A letter from Mrs. Fulton, an old member who now lives at Napa was read to the club. After refreshments were served the meeting adjourned to meet next month with Mrs. Hiler, Mrs. Claud Porter of Villa Park Mrs. Riter, Mrs. Kate Yost, Mrs. C. C. Yet and Mrs. Litton were guests of the club. Members present were Mrs. Goddickson, Mrs. Brown, Mrs. Jogan, Mrs. G. I. Feld, Mrs. Triplett, Mrs. Henry Mier, Mrs. Flippin, Mrs. Stiles, Mrs. E. A. Stone, Mrs. Mott Mrs. Honey and Mrs. Rogers.

The Modern Villas of Villa Park gathered Wednesday afternoon at the picturesque home Mrs. Max Hubermann which in its imminence boasts a splendid view of that part of the valley. The hostess, Mrs. Hubermann's home was greatly enjoyed by the Priscillas.

Twenty-four mers and two visitors, Miss Lily Say and Mrs. Hull were present, there attendance being in honor of Mrs. Queenia Wallace's sixteenth birthday. All had a fine time.

Dainty refreshments were served, during which Mrs. Hubermann entertained with delightful selections on the phonograph. All had enjoyed themselves to the capacity the club adjourned to meet next Wednesday with Mrs. Leicht.

Los Angeles Produce Market

Rice is the cheapest food staple in Los Angeles today. The production in California and the South is enormously large and apparently the country is not in a position to absorb it.

The strength of the potato market continues to cause comment and yesterday local spuds and White Rose seed potatoes were raised to \$3.50 a hundred, making a standard quotation for all varieties of tubers in this city. Sweet potatoes are still selling for \$4 a hundred but quality is growing worse daily. There are today but few sacks of sweet potatoes obtainable and in another week or two even small supply will have been laid out.

Butter extras were fairly active on the Produce Exchange yesterday morning and eggs moved up a trifle. As were heard for pullets at 33 cents dozen and fresh extras sold at 35. Corrected daily by telephone from Los Angeles.

BUTTER—California creamery extras, 25¢; do. creamery firsts, 27½¢. These represent 3 cents added to jobbers' prices to producers.

AT THE COURTHOUSE

JUDGE SLAMS THE LID DOWN

Denies Divorce In Case In Which He Is Satisfied There Was Collusion

This morning Judge Thomas jammed down the lid on a divorce action, and although a Los Angeles attorney declares he is going to lift it, so far the lid remains in position. Declaring that he was satisfied that there was collusion, Judge Thomas refused to give a divorce to Frances R. Hickman, who testified that she was a dressmaker and who said she had lived at the Bradley Apartments.

The woman said that she married Charles H. Hickman, an actor, in New Jersey in 1911, and that he deserted her because she became displeased when he came home intoxicated or brought home with him men who were intoxicated. She testified that he had failed to provide the necessities of life for her.

Genevieve Abbott testified that she had had a conversation with Hickman in which he said he had deserted his wife. Two depositions were presented, one from Hickman and one from Anna Sherburn. Hickman admitted the allegations of the complaint, Miss Sherburn in her affidavit stated that Mrs. Hickman had lived with her at the Bradley Apartments.

All was moving lovely for Attorney Max Rapaport of Los Angeles up to this point when suddenly Judge Thomas threw a stick into the spokes of the divorce proceedings.

Have You Been Sick?

Then you must know that sickness leaves weakness and you should commence taking

SCOTT'S EMULSION

to put an edge on your appetite, put power in your blood, induce restful sleep and restore your nerve force. Scott's is a true tonic-food which is free from alcohol.

Scott & Bowne, Bloomfield, N. J.

"Mrs. Hickman, when your divorce complaint was filed, your attorney went straight to the corner of Fourth and Main streets, where your husband was waiting to be served with summons," said the judge.

That seemed entirely too conveniently obliging to suit the judge. But the worst was yet to come.

"I have here a letter," said he, "that is of interest. You state that you are a dressmaker, and have never been anything else but a dressmaker. This letter states that you are an actress and that you live in Los Angeles. This entire case looks to me like collusion between the plaintiff and defendant."

Attorney Rapaport was greatly exercised. He said the judge could not take recognition of what was not brought out at the trial. The fact that summons was served immediately upon Hickman was a newspaper report, and the letter from Los Angeles was outside the record. Rapaport proposed to take an appeal.

"That is your right," said the judge, "but this court is not going to stultify itself by granting a divorce when the circumstances are as plain as they are here."

To Be Citizen
Werner Robert Dross, warehouseman at Irvine, has applied for final letters of citizenship. His witnesses are Harry Spencer and W. C. Jerome. He was born in Elbing, Germany, in 1879, and came to this country in 1900.

Goes to Prison
This morning William Hillebrecht was sentenced to two years in San Quentin. The authorities would have preferred sending him to an institution for the feeble-minded, but could find none to take him. He was up for burglarizing a Jap's house at Villa Park.

Estate Appraised
State Appraiser Anderson reports the estate of Jane M. Bause to be valued at \$35,000.

To Quiet Title
Suit to quiet title to a lot at Arch Beach has been brought by Catherine Brooks against T. A. Alexander, administrator of the estate of Wm. Valentine. S. M. Reinhaus is attorney for the plaintiff.

His Trials Set
Felix Clavere, Newport Beach hotel man, today pleaded not guilty to two infractions of the anti-liquor selling law. One trial is set for March 7 and the other for March 8. The cases are in Judge West's department.

Condemnation Cases
Feb. 28 has been set for the trial of four condemnation suits brought by the Pacific Electric for rights of way on the La Habra to Fullerton line. The defendants are J. G. Sheppard, Andrew Borden, J. M. Kellerman and Dominic Bastanchury.

Wants Dismissal
Attorney H. V. Weisel of Anaheim has given notice that he will ask for a dismissal of the \$20,000 slander action brought by Elva Galanes against Thomas Wilford, M. L. McCarty and others. The attorney will base his

motion on the ground that the plaintiff failed to file a new bond as ordered by the court. In this action damages were sought on the ground that untruthful statements were made concerning the plaintiff.

Estate Appraised
J. N. Anderson and E. B. Sprague have reported their appraisal of the estate of C. E. Isaacson to be \$240.

Recorder's Office
An abstract has been recorded here showing judgment of \$680 entered in Los Angeles in favor of the United States Mortgage Co. against M. Mabel Duncan. Another abstract from Los Angeles shows judgment of A. M. Gibbs against Clara Witherspoon and others for \$395. Another abstract shows deficiency judgment of \$372 entered in Riverside county in favor of Lydia Alderman against Eliza S. Rudosill.

SANTA ANANS WILL DRILL DEEP WELL AT COYOTE WELLS

W. C. and B. W. Jerome are today having a well drilling outfit and a lot of well casing loaded on to a car for shipment to Coyote Wells. William Crane of Santa Ana is in charge of the outfit, and will drill a well for the Jerome brothers on their property four miles from Coyote Wells. The well will be a pioneer deep well in that section. The coyotes used to dig holes and get to surface water, and there are now plenty of surface wells in that section, some of which under pump throw twenty-five or thirty inches of water. Jerome Bros. may drill 400 or 500 feet, and expect to be able to develop a good stream of water.

The Princess Theater has secured the services of Mr. Dale Cook as pianist evenings and Sunday afternoons. Mr. Cook has had experience in playing for moving pictures and the music will prove an added attraction to the programs.

CUTTING PAVEMENT TO MAKE TURN TO ORANGE

Yesterday and today P. T. workmen have been at work at the southeast corner of Fourth and Main streets cutting pavement and placing the first rail ends for the curve off of West Fourth on to Main, which curve will be used for Los Angeles to Orange cars. The city's concrete storm culvert from the First National corner south may have to be cut.

ARIZONA PAYS \$35,000,000 IN DIVIDENDS

Ten mines in Arizona paid \$34,000,000 in dividends during the past year. Adding Utah, Montana, Nevada and Idaho dividends to those of Arizona we have a total of over \$100,000,000 in dividends paid out of the mines of these five western states in a single year.

These are some of the impressive facts brought out by the report of the geological survey to Secretary Lane, just made. "Never before," said Mr. Lane, "has so large a draft been made on the natural resources of our country as during this year, and never before have the metals been extracted from these ores with less waste or utilized to better advantage in advancing the general prosperity of the country. Even as written in the plain figures of 1916 production the wonderful record of our mines sets forth a degree of national industrial independence only hoped for a few years ago. "Again copper stands out as the best illustration of how American mines can meet a world demand. The output of nearly 2,000,000,000 pounds of the red metal is double that of ten years ago and its value is twice that of the copper produced in 1915. Add to this the facts that in value copper now contends with iron for first place among the metals and that together the amount of these two metals produced last year had a value of more than \$1,000,000,000 and we have a measure of what this country can contribute in useful metals.

AN ANNOUNCEMENT

We cannot but feel considerable pride in the market we have established —its pure white sanitary fixtures—its refrigerating system—its choice quality of meats—its splendid facilities for taking care of its customers. We want you to know about it and come in to see us and let us know if you will not make THIS market YOUR market hereafter.

The usual vexation of having your meat sent you, cut in a way you do not like is done away with at this market, as we specialize in putting up orders to suit your own individual tastes and spare no expense to take care of you satisfactorily and promptly.

Every facility for extending this service to you has been provided by the ANAHEIM BEEF & PROVISION Co., owners of the market, who are one of the big, progressive concerns in this county that is truly entitled to the support of the community which it serves. Besides maintaining a pay roll of \$5,000 a month, they disburse annually about \$500,000 throughout the county in the purchase and feeding of beef cattle, sheep, hogs, poultry, etc.

Your patronage will not only help to make it possible for them to spend a Million Dollars a year in the county but their success will stimulate the location of other industries in Orange County if the experience of this company shows that the community DOES and WILL give its support to local institutions, as that is one of the great safeguards that Investing Capital looks to.

Think it over and inspect our market and make up your mind to be with us and help build up HOME INDUSTRIES.

Cordially yours,
CENTRAL MARKET

According to information received

from Sacramento, pay day for Company L, which has been mustered into service under the Federal Reserve act, has not been set. The company did not get its full strength until after January 1, and for that reason its pay day may be delayed for six months. However, there will be a pay day, for under the new act officers and men are all paid for attending drills.
